

Business Recommendations Report

This document presents segment-specific business strategies derived from customer segmentation and churn prediction analysis.

Premium Spenders

- Introduce loyalty and rewards programs
- Provide exclusive premium offers
- Offer priority customer support
- Upsell high-margin services

Budget Conscious Customers

- Provide targeted discounts and coupons
- Offer bundled service plans
- Introduce flexible pricing options
- Trigger churn-prevention alerts

Young Professionals

- Enhance mobile-first user experience
- Introduce subscription-based pricing
- Implement referral reward programs
- Use personalized digital marketing campaigns

Implementing these strategies can significantly reduce churn, improve customer satisfaction, and maximize customer lifetime value.
